J. Abney Cox, Princeton, general chairman of the organization's convention committee said here today.

This convention is expected to have a record-breaking attendance as well as a comprehensive program covering all phases of Florida agriculture, Cox stated.

The convention theme, "Your Friends and Ours", will stress the fact that both agriculture and industry are dependent upon the general economic welfare of the nation and state and that both factors have to work together for the common good and that the prosperity of each is so closely tied in with the other that there must be a unified effort to make sure that industry management and labor and farmers, no matter what commodity they grow, make a reasonable return on their work, investments and efforts, Cox added.

Bank Of Pahokee In Improvement Plan

An improvement plan that has included refurbishing, redecorating the interior, and painting the exterior of the building has been under steady progress at the Bank of Pahokee for several weeks.

On the exterior the popular financial institution has been repainted and decorated with marble around the street sides of the building. A parking lot at the rear of the bank has been black topped for the convenience of the bank's many patrons.

A new set of handsome glass doors has replaced the older ones that served for so many years. To ease eye strain on employees the glass in the doors and the surrounding windows were tinted to a delicate shade of green.

On the interior bank officials had the old dark floor ripped out and a bright and eye-catching pattern put down. The latest addition to the beauty of the interior came this week when handsome drapes were put up at the windows, replacing the venetian blinds that had served before.

Much new equipment has been added in the bookkeeping department and today "Palm Beach County's Oldest Bank" has all the earmarks of being one of Palm Beach County's most modernly equipped financial institutions.

Women's Club Plan Special Program

MIAMI—President Mrs. E. Lee Ozborn of the General Federation of Women's Clubs announced to delegates at the 70th annual convention that she had chosen "Western Hemispheric Solidarity for Survival" as the dominant Federation effort during her term of office.

As head of the powerful group of eleven million women she will endeavor to throw the weight of the organization behind a program designed to promote better understanding of the Latin-American problem and pointed out that it is up to each individual citizen to do their part rather than leaving it entirely to political leaders.

"We are going to have to make up our minds to erase Communism from the Western Hemisphere or we will have to learn to live in a Communist dominated world," she said.

She pointed to the program of the Federation in sponsoring exchange students with scholarship awarded to Latin American students. She said \$30,000 had already been invested in this program and it is being expanded to a quarter of a million dollars.

Aside from the "Dollars for Scholars" program she said the GFWC is also developing studies of every Latin American country.

Here's what the new 3 $\frac{3}{4}$ % interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new 3 $\frac{3}{4}$ % rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}$ % from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

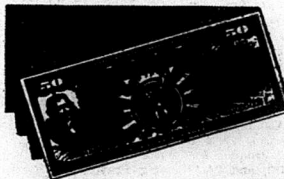

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

Miss Joan Darden Weds L. C. Davis

The wedding of Miss Joan Louise Darden, daughter of Mr. and Mrs. William Clyde Darden of Pahokee and Luther Charles Davis, son of Mr. and Mrs. L. M. Davis of Clewiston, was solemnized in a double ring ceremony at the First Baptist Church in Clewiston, Wednesday, June 14 at 4:30 p. m., with Rev. L. T. Fagan, pastor, officiating before an altar decorated with baskets of mums and gladioli.

A program of nuptial music was presented by Miss Ruth Jones, organist.

The bride, given in marriage by her father, wore a street length gown of white sheer nylon over taffeta with a fitted bodice, circular neckline and cap sleeves. The full skirt had lace inserts at the waist and above the hemline. Her shoulder length veil of French illusion was attached by rhinestones to a white overleaf half-hat. A single strand of pearls was her only ornament. She carried a white Bible, topped with a cluster of carnations, centered with a white orchid from which flowed satin streamers, studded with tiny carnations.

Miss Mary Alice Williams, maid of honor, wore a two piece blue lace dress with white accessories and carried a bouquet of fugiums.

David Pattison of Clewiston was best man, James Davis and Kenneth Davis, brothers of the bridegroom, were ushers.

Mrs. Darden, the bride's mother, chose for her daughter's wedding a beige linen sheath dress with matching accessories and a bronze orchid corsage. Mrs. Davis, the groom's mother, wore a blue and white cotton dress with matching accessories and an orchid corsage.

Following the ceremony, the wedding reception was held in the social hall of the church. Mrs. Murray O. Weeks, cousin of the bride, was hostess, assisted by a group of friends.

The bride is a graduate of Pahokee High School, class of 1959 and has been attending the School of Nursing, Jackson Memorial Hospital, Miami.

Mr. Davis graduated from Clewiston High School, served four years in the U. S. Air Force and is now employed as an apprentice mortician at the Pattison Funeral Home in Clewiston.

Following a brief wedding trip, the young couple are now at home at 408 Ventura Street, Apt. 1, Clewiston.

Among those from Pahokee attending the wedding and reception, in addition to the members of the wedding party, were: Mr. and Mrs.

of agriculture must work together, the chairman also commented.

Florida Citrus Commission will cooperate in staging a breakfast for the convention registrants and guests from all over the nation and several foreign countries.

The appointment of several working committees to handle various phases of the "working convention" will be named later.

A formal program of commodity meetings, general sessions, panel discussions, seminars, conferences and social events will be formulated during the next three of four weeks, but Chairman Cox said it would be designed to "give every phase of Florida agriculture a chance to discuss particular problems as well as the overall present and future status of farming in Florida."

Kay Elaine Friend Honored At Party

Mrs. Joe Tom Boynton's residence on East Main Street in Pahokee was the scene Tuesday morning of a bridal party, complimenting Miss Kay Elaine Friend, bride-elect of Richard P. Karby, Jr. Hostesses other than Mrs. Boynton were Mrs. George Tucker, Mrs. Leon Spooner, Mrs. Jimmy Vann, Mrs. Thadd Whidden and Mrs. Sam H. McKinstry, Jr. Over 200 guests called during the morning.

The center piece on the bride's table was a silver tiered container filled with a variety of hibiscus flowers and miniature bottles of cold drinks. Decorated small cakes, mints, salted nuts and cold drinks were placed on each end of the table.

Beautiful plants in bloom and flower arrangements were used throughout the house, in the Florida room stood a large potted bird of paradise and in the living room was seen a potted orchid plant with three beautiful blossoms.

Miss Friend wore an orchid corsage which was a gift of the hostesses.

Pick your savings target and shoot straight for it!

A home ... financial security ... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You direct your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Savings Bonds.

Become Savings Bonds own good interest—3% compounded continuously when held in maturity (30 years)—if needed—day-by-day with cash questions you're entitled to them. And your Bonds will continue to grow after they're good interest as long as 30 years and beyond. You'll make a return of up to 80% more than you originally paid.

And remember this. Thanks to government, or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$4.50 a week in 6 pays—you'll have Savings Bonds worth \$1000 in only 30 years, \$4400.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or sign up in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Christian Science Group Of Canal Point

The need to follow Christ Jesus' example by healing the sick compassionately through prayer will be stressed at Christian Science churches Sunday.

Scriptural readings in the Lesson-Sermon on "Christian Science" will include (Matthew 9): "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness, and every disease among the people. But when he saw the multitudes, he was moved with compassion on them, because they fainted, and were scattered abroad

as sheep having no shepherd."

A correlative selection to be read from "Science and Health with Key, to the Scriptures" by Mary Baker Eddy states (p. 37): "It is possible,—yea, it is the duty and privilege of every child, man, and woman,—to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

The Golden Text is from Revelation (12): "Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ."

Once again a Brother Mason, Having completed the designs written for him on life's trestle board, has passed through the portals of eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward, the white stone with the new name written thereon.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Miss Nancy Thomas Becomes Bride Of Robert Meyer In Church Ceremony

Mr. and Mrs. Robert Meyer are now on their wedding trip to Niagara Falls and Ohio, following their wedding, which was a brilliant social event, taking place in Pahokee Sunday at 12:00 noon, at the First Methodist Church of Pahokee. The bride is the former Miss Nancy Thomas, only daughter of Mr. and Mrs. J. V. Thomas, Sr., of Pahokee and the groom is the son of Mr. and Mrs. E. E. Seydell of Cuyahoga Falls, Ohio.

The Rev. T. C. The family pews were marked with arrangements of white carnations showered with white satin.

Miss Jill McIlwain, organist and Robert O. Lampi, soloist, presented a program of beautiful wedding music with Mr. Lampi singing "Whither Thou Goest" and "The Lord's Prayer." The traditional wedding marches were used.

The bride, given in marriage by her father, was beautiful in her street length wedding dress, which her mother had made of chantilly lace over bridal satin and silk organza. Fashioned with a sculptured bodice, illusion neckline and short scalloped sleeves, attached to a full skirt featuring a matching front lace panel. Her shoulder length veil of French illusion was attached to a seed pearl tiara. Richard Lee Meyer of Cuyahoga Falls, Ohio, served as his brother's best man and ushers were J. V. Thomas, Jr., brother of the bride and Jay Gibson of Fort Lauderdale, cousin of the groom.

Mrs. Thomas, mother of the bride, wore a lavender embroidered cotton satin sheath with white accessories and a pink carnation corsage.

Mrs. Seydell, mother of the groom, wore a pink silk dress with matching accessories and a white carnation corsage.

Following the wedding, Mr. and Mrs. L. J. Fraser of 1568 E. Main Street in Pahokee entertained with a bridal luncheon for the wedding party and their guests.

The traditional wedding cake topped by a miniature bride and groom graced the bride's table.

When Mr. and Mrs. Meyer left on their wedding trip, Mrs. Meyer wore a two piece gold silk suit with the orchid corsage from her wedding bouquet.

After the first of July, Mr. and Mrs. Meyer will be at home at 1385 N. W. 23rd Court, Miami.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is Galaxie styling—inspired by the fabulous Thunderbird!

Many cars have tried to copy the incomparably beautiful 1961 Galaxie. No car has succeeded.

And styling is only part of Galaxie's distinction. This is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automatically.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?
